One example (Martin Kikas)

12:00 Kujawsko-Pomorskie Regional Operational Program: Support for entrepreneurship in adapting to the requirements of environment protection regulations – examples of good practice

RECOMMEND 2nd Working Summit AGENDA

Peterborough 27th & 28th November 2012

12:15 – 12:45 Cathedral Tour

An opportunity to visit one of the country's finest cathedrals. With a history dating back over 1350 years and the current building approaching the 900th anniversary of its foundation, it is a storehouse of archaeological, architectural, cultural, musical and artistic treasures

13:00 – 14:00 Lunch

(Traditional Fish and Chips)

14:15 – 15:30 IKEA Tour

IKEA's distribution centre in Peterborough is one of the **greenest** in Europe. During this short tour the partners will find out, and see, what innovative things IKEA have implemented to green their operations and how Peterborough's Investors in the Environment scheme has helped them to improve their environmental management processes.

RECOMMEND Working Groups

In cooperation with international experts, the RECOMMEND working groups will jointly develop concepts for the implementation and financing of new or improved instruments to foster eco-management and/or eco-innovation in their respective regions. The topics for the 6 month working groups will be defined at the 2nd working summit. The main input comes from the results of the Thematic Talks and the discussion at the working summit.

15:45 Final definition of the topics for the RECOMMEND Working Groups

- Proposal
- Discussion
- Finalisation

16.15 Case Study: How a municipality can enhance local eco-innovation

TORRACA – First LED city in the world

16:30 Closing Remarks

19:30 Dinner
